MANUAL BREWING

Origami

Origami Coffee blends art and caffeine in a cozy city spot. Enjoy creatively named coffee blends amidst origami decor, and join workshops for a unique experience that combines coffee and creativity.

Hot/cold

160

Aeropress

The AeroPress is a compact and versatile coffee brewing device known for its simplicity. By steeping coffee grounds in hot water and pressing through a filter, it produces a rich and flavorful cup. Portable and easy to clean, it's favored for its convenience and the ability to experiment with various brewing techniques.

Hot/cold

160

Frenchpress

The French Press, a classic and straightforward coffee brewing method, produces a robust and aromatic cup. Coarsely ground coffee is steeped in hot water and separated by pressing a plunger through a mesh filter, allowing for control over factors like steeping time. It's a simple and traditional approach for those who enjoy a strong and full-bodied coffee.

Hot/cold
